

How to create a user account

To borrow books from the library, you need a valid library user account.

Creating a New Library Account

Creating a new user account is easy. Just log in once with your *Whitecliffe email and password* to the [library's catalog \(OPAC\)](#).

Forgot Your Password?

As of August 2024, it is no longer necessary to register a separate library account. [You can now use your Whitecliffe email credentials to create and log in to your library account.](#)

If you created an account prior to August 2024 and would like to change the password, please [contact](#) the library.
