

Accessing BAU Resources

Through a partnership with Bahçeşehir University (BAU), Whitecliffe students and faculty members have access to dozens of research databases, containing millions of items.

To access these materials, Whitecliffe students must use their UMIS credentials for authentication. Please note that faculty members must use their network / WLAN credentials.

For questions related to usernames and/or passwords, please contact [IT](#).

UMIS usernames are usually in the format: **firstname.surname**

A screenshot of a web browser window showing the login page for the BAU proxy. The browser's address bar displays 'proxy.bau.edu.tr'. The page features the BAU logo, which consists of a blue diamond shape with white lines radiating from the bottom, followed by the text 'BAU' in a large, bold, blue serif font, and 'BAHÇEŞEHİR ÜNİVERSİTESİ' in a smaller, blue, sans-serif font below it. Below the logo, there are two input fields: 'Enter Username' and 'Enter Password'. The 'Enter Password' field has a small eye icon to its right. At the bottom of the form is a blue, rounded rectangular button with the word 'LOGIN' in white, uppercase letters.
